Tired of spam or fraud calls? File a plaint on *Chakshu*

The Hindu Bureau
NEW DELHI

The Department of Telecommunications (DoT) on Monday launched *Chakshu*, a platform for telecom users to report fraud or spam callers. The facility, available at *sanchar-saathi.gov.in/sfc*, will allow citizens to "proactively report suspected fraud communication", the DoT said in its announcement.

The platform will allow users to report frauds related to bank account, payment wallet, SIM, gas connection, electricity connection, KYC update, expiry, deactivation, impersonation as government official or relative, and sextortion.

The Digital Intelligence Platform was also launched, which would be a non-public data-sharing resource for "Telecom Service Providers, law enforcement agencies, banks and financial institutions, social media platforms, identity document issuing authorities, and so on", the DoT said.

Minister for Communi-

Ashwini Vaishnaw

cations and Electronics & Information Technology Ashwini Vaishnaw also supported Caller Name Presentation (CNAP), a feature that would allow telecom users who opt for the service to view the registered name of everyone calling them. Telecom firms and some civil society groups had warned that it would adversely impact people's privacy rights.

Mr. Vaishnaw likened the feature to the right to know who was knocking at the door but added that recommendations favouring CNAP's introduction by the Telecom Regulatory Authority of India would be reviewed in detail before further steps are taken.

Platform to help check cyber frauds

Platform to help check cyber frauds

NEW DELHI: To curb misuse of telecom resources in cybercrime, Minister of Communications Ashwini Vaishnaw today launched the DoT's 'Digital Intelligence Platform'. He also launched 'Chakshu' facility on Sanchar Saathi portal to empower citizens to proactively report suspected frauds. TNS

Portal to report fraud or spam callers launched

Portal to report fraud or spam callers launched

NEW DELHI, DHNS: Union Minister for Communication and IT Ashwini Vaishnaw on Monday launched Chakshu, a platform for telecom users to report fraud or spam callers.

The facility, available at sancharsaathi.gov.in/sfc, aims to allow citizens to "proactively report suspected fraud communication," the minister said.

The platform will allow users to report bank account, payment wallet, SIM, gas connection, electricity connection, KYC update, expiry, deactivation, impersonation as a government official/relative, and sextortion-related scams, the government said.

Govt launches Chakshu portal to report fraud calls, messages

Govt launches Chakshu portal to report fraud calls, messages

NEW DELHI: Government on Monday unveiled the Chakshu portal under the umbrella of Sanchar Sathi to enable subscribers to report fraud calls, messages like lottery offer, job offers and even suspected leak of phone numbers by businesses.

Union IT and Communications Minister Ashwini Vaishnaw said that through digital measures to check fraud and crime, the Department of Telecom Services has been able to help citizens save around Rs 1,000 crore in the last nine months and Rs 1,008 crore has been frozen in various bank accounts that were linked to fraudulent transactions.

"Chakshu is about reporting something which people suspect is fraud," he said.

When asked about the process put in place on mobile numbers that are leaked by businesses, the minister said that subscribers can report about the number of leaks on the Chakshu portal and action will be taken against the culprit. He said that 1 crore mobile numbers have been disconnected in the last nine months that were linked to malicious activities.

The DoT also unveiled the Digital Intelligence Platform that will coordinate and share information with law enforcement agencies, banks and other financial agencies to act on fraud. "With the Chakshu and Digital Intelligence Platform, we think the pace at which we were able to detect and prevent cyber frauds will significantly improve," Vaishnaw said.

He said that there will be an investigation carried out on the reported number and action will be taken thereafter. Vaishnaw said that the ministry is working with financial institutions including RBI to recover money, and prevent and freeze accounts in which money has been transferred fraudulently. PTI

Govt launches platform to curb fraudulent calls

TELECOM

Govt launches platform to curb fraudulent calls

RAKESH KUMAR @ New Delhi

THE Department of Telecommunications (DoT) on Monday launched new portal Chakshu that will enable people to report fraudulent calls, SMS, and WhatsApp messages received within the last 30 days.

The DoT launched a digital intelligence platform (DIP) that will provide a single platform to share data about suspected fraudulent connections. The platform will offer opportunity to share data or numbers with all stakeholders, including payment wallets, law enforcement agencies, and other user agencies like IRCTC. Once reported, the telecom service providers will undertake re-verification of those numbers. Upon failing re-verification, the numbers will be disconnected.

"With the digital intelligence platform, data will be shared, almost in real-time, with all stakeholders in case of suspected fraud... Law enforcement, banks, and financial service providers can provide details on a single platform," said telecom minister Ashwini Vaishnaw.

Since the launch of Sanchar Sathi portal, frauds worth ₹1,008 crore have been prevented. The portal was launched on May 16, 2023; since then, it has disconnected 59 lakh fraudulent mobile connections; over 1 crore handsets linked to cybercrime were blocked; Sanchar Saathi identified and blacklisted 1.5 lakh point-of-sale (PoS) terminals suspected of fraudulent activity; and 71,000 FIRs (first information reports) were registered based on evidence gathered through the portal.

The Department of Telecommunications (DoT) on Monday launched two technology initiatives to further strengthen efforts to contain mobile based scams. A new platform called Chakshu will allow citizens to report mobile numbers suspected for fraudulent communication received on call or SMS or social media like WhatApp, Telecom Minister Ashwani Vaishnaw said. He added the DoT's Sanchar Sathi Portal will also be accessible through an app soon.

NEW DELHI

India has rolled out a digital platform that will allow individuals to flag calls and text messages by fraudsters, adding a layer of protection against faceless criminals using tech to rob people of their money.

The department of telecommunication's new platform, Chakshu, simplifies reporting on fraud calls and messages, and allows for real-time intelligence-sharing among several stakeholders. "Chakshu will allow Indian citizens to report fraudulent communication–whether received on call or SMS or social media like WhatApp. Once such information is received, the platform will trigger re-verification, and failing re-verification the number will be disconnected," Union telecom and IT minister Ashwini Vaishnaw said on Monday.

The platform will add a layer of protection against faceless criminals. **ISTOCKPHOTO**

Several instances of fraud have come to fore with criminals impersonating bank or government officials calling people to update their details for their bank accounts or gas or electricity connections.

Last month, the Telecom Regulatory Authority of India published its final recommendations to introduce caller identification as a default feature across domestic telecom networks to help individuals guard against fraudsters.

Vaishnaw said Trai is working on building an app for Chakshu, and that the government is open to collaborating with private firms such as Truecaller to improve fraud protection through the platform. Chakshu, which is currently not accessible to people, will act as an information exchange and coordination agency among telecom companies, law enforcement agencies, banks and financial institutions, social media platforms, and authorities issuing identity documents. It will also contain information regarding cases detected as misuse of telecom resources.

The government will create a grievance redressal platform for reporting connections disconnected inadvertently, as well as for creating a mechanism for returning money frozen as a result, Vaishnaw said.

Sextortion, bank fraud will be curbed, government has opened its eyes

सेक्सटॉर्शन, बैंक धोखाधड़ी पर लगेगी लगाम, सरकार ने खोला चक्षु

नया प्लेटफॉर्म : इस पर फोन, व्हाट्सएप कॉल व मैसेज से हो रहे ऑनलाइन अपराधों की दे सकेंगे जानकारी

अमर उजाला ब्यूरो

नई दिल्ली। फोन कॉल, व्हाट्सएप कॉल और मैसेज के जरिये आम नागरिकों को ठग रहे साइबर अपराधियों को पकड़ने के लिए सरकार ने अपना 'चक्षु' खोला है। केंद्रीय दूरसंचार विभाग ने इसी नाम से एक नया ऑनलाइन प्लेटफॉर्म बनाया। इस पर नागरिक ऐसे फोन कॉल व संदेशों की जानकारी दे सकेंगे, जिनके जरिए उनके साथ वित्तीय धोखाधड़ी से लेकर सेक्सटॉर्शन तक किया जा रहा है।

केंद्रीय दूरसंचार मंत्री अश्विनी वैष्णव ने सोमवार को इस प्लेटफॉर्म की सरकारी पोर्टल संचार साथी डॉट जीओवी पर औपचारिक शुरुआत की।

शिकायत की ये श्रेणियां बनाईं

■ सेक्सटॉर्शन के कॉल या मैसेज, सरकारी अधिकारी या उसका रिश्तेदार बनकर बात करना, फर्जी कस्टमर केयर हेल्पलाइन से कॉल ■ बैंक, बिजली, गैस, इंश्योरेंस पॉलिसी आदि के लिए आने वाली कॉल ■ रोबोटिक या बार-बार की जा रही कॉल ■ ऑनलाइन नौकरी, लॉटरी, तोहफे, लॉन ऑफर के लिए आ रही फर्जी कॉल ■ संदेहास्पद वेबसाइट्स के लिंक वाले मैसेज ■ अन्य संदिग्ध फ्रॉड।

अपराधियों पर कार्रवाई, संदिग्ध नंबर होंगे बंद

चक्षु प्लेटफॉर्म पर आई शिकायत की जांच कर अपराधियों को पकड़ा जाएगा और कार्रवाई की जाएगी। स्पैम कॉल करने वाले व अन्य संदिग्ध फोन नंबर बंद किए जाएंगे। इससे सरकार को साइबर खतरों पर समय रहते कार्रवाई करने में मदद मिलने की भी उम्मीद है।

चक्षु पर संदिग्ध फ्रॉड कम्युनिकेशन रिपोर्ट प्रणाली दी गई है। इसमें धोखेबाजों के फोन या व्हाट्सएप कॉल और मैसेज की जानकारी दी जा सकेगी। नागरिक इनका स्क्रीनशॉट भी अपलोड कर सकेंगे। उन्हें कॉल या मैसेज आने का समय, तारीख और अन्य उपलब्ध जानकारी लिखनी होगी। अपना नाम और फोन नंबर बताना होगा। उनके फोन नंबर पर ओटीपी भेजा जाएगा, जिसे बताने पर शिकायत दर्ज हो जाएगी।

डिजिटल इंटेलिजेंस प्लेटफॉर्म बनाया, सूचनाएं होंगी साझा

सरकारी विभागों, एजेंसियों व अन्य संस्थाओं को विभिन्न जानकारियां और सूचनाएं सुरक्षित ढंग से आपस में साझा करने के लिए डिजिटल इंटेलिजेंसी प्लेटफॉर्म भी जारी किया। इससे विभागों के बीच समन्वय बेहतर होगा। खासतौर पर दूरसंचार सेवा प्रदाताओं, कानून अनुपालन एजेंसियों, बैंक व वित्तीय संस्थानों, सोशल मीडिया प्लेटफॉर्म, पहचान पत्र जारी करने वाली एजेंसियों की मदद मिलेगी। यह प्लेटफॉर्म आम नागरिकों के लिए नहीं होगा, केवल संबंधित विभाग व एजेंसियां ही इसे उपयोग कर पाएंगे।

Did you also get any fake call? Complain on 'Chakshu'... action will be taken within a few hours

साइबर फ्रॉड पर डबल अटैक • दूरसंचार मंत्रालय ने दो प्लेटफॉर्म लॉन्च किए; कोई कॉल करके झांसा दे तो चक्षु पोर्टल, साइबर अपराध का शिकार हों तो डीआईपी पर रिपोर्ट करें...

क्या आपको भी कोई फर्जी कॉल आई? 'चक्षु' पर शिकायत करें... चंद घंटों में ही होगा एक्शन

भास्कर न्यूज, नई दिल्ली। अगर आपको कभी भी सेक्सटॉर्शन, धमकी, ऑनलाइन जॉब, या केवाईसी आदि का झांसा देकर कोई कॉल, एसएमएस या वॉट्सएप आया है, तो **यह खबर जरूर पढ़ें।** ऐसे साइबर अपराधों की शिकायत के लिए दूरसंचार मंत्री अश्विनी वैष्णव ने सोमवार को संचार साथी पोर्टल पर दो प्लेटफॉर्म ('चक्षु और डिजिटल इंटेलीजेंस प्लेटफॉर्म यानी डीआईपी) लॉन्च किए। अगर कोई साइबर अपराध हो गया है तो उसे डीआईपी पर रिपोर्ट करें। अगर कोई फोन आ रहा है जिससे साइबर फ्रॉड या अपराध होने की आशंका है तो चक्षु पर रिपोर्ट करें।

संचार साथी : घर बैठे ऐसे कर सकते हैं रिपोर्ट... स्टेप-बाय-स्टेप जानिए पूरी प्रक्रिया

1. sancharsaathi.gov.in वेबसाइट खोलें।
2. सिटीजन सेंट्रिक सर्विसेज पर क्लिक करें।
3. पहले बॉक्स में रिपोर्ट सस्पेक्टेड फ्रॉड कम्युनिकेशन (चक्षु) दिखेगा, इस पर क्लिक करें।
4. चक्षु नाम से विंडो ओपन होगी, इसमें नीचे कंटीन्यू फॉर रिपोर्टिंग पर क्लिक कर दें।
5. पहला सवाल दिखेगा कि आपसे कैसे संपर्क किया गया? तीन ऑप्शन होंगे- एसएमएस, कॉल, वॉट्सएप। इनमें से एक सिलेक्ट करें।
6. दूसरे सवाल में पूछा जाएगा कि किस संबंध में कॉल आई? इसमें सेक्सटॉर्शन, केवाईसी जैसे कई ऑप्शन दिखेंगे, इनमें से एक सिलेक्ट करें।
7. फिर स्क्रीन शॉट अटैच करना होगा। चूज फाइल पर क्लिक करके आप इसे अपलोड कर सकते हैं।

8. जिस दिन और समय पर कॉल, मैसेज या वॉट्सएप आया, उसे दर्ज कर दें।
9. अधिकतम 500 शब्दों में शिकायत लिख दें।
10. इसके बाद नाम और नंबर दर्ज करें।
11. मोबाइल नंबर वेरिफाई करने के लिए दिया गया कैप्चा टाइप करें और वेरिफाई मोबाइल चया ओटीपी पर क्लिक कर दें। शिकायत दर्ज हो जाएगी।

• ऐसे काम करेगा यह प्लेटफॉर्म

जहां भी नंबर एक्टिव होगा, वहां की लोकल पुलिस को जानकारी चली जाएगी। नंबर के मालिक से कहा जाएगा कि 2 दिन में दोबारा केवाईसी कराएं। आइडेंटीफाई सत्यता बंद कर दी जाएगी। केवाईसी न कराने पर एजेंसियां एक्शन लेना शुरू कर देंगी। जहां से लिंक, मैसेज या कॉल बल्क में किए जा रहे हैं, उसे ट्रेस करना आसान हो जाएगा।

To avoid sextortion, immediately complain on DIP and Chakshu platform.

सेक्सटार्शन से बचने के लिए तुरंत करें डीआइपी व चक्षु प्लेटफार्म पर शिकायत

जागरण ब्यूरो, नई दिल्ली: अगर आप सेक्सटार्शन के जाल में फंस गए हैं या फिर आपको इंटरनेट मीडिया पर लाइक कर पैसा कमाने का कोई झांसा दे रहा है या वाट्सएप के जरिये इस प्रकार का मैसेज कर रहा है तो तुरंत संचार मंत्रालय के डिजिटल इंटेलिजेंस प्लेटफार्म (डीआइपी) या चक्षु प्लेटफार्म पर रिपोर्ट करें। संचार मंत्री अश्विनी वैष्णव ने सोमवार को संचार साथी पोर्टल पर इन दोनों ही प्लेटफार्म को लांच किया। अगर आपके साथ कोई साइबर अपराध या फ्राड हो गया है तो उसे डीआइपी पर रिपोर्ट करें और अगर कोई ऐसा फोन आ रहा है, जिससे साइबर फ्राड की आशंका है तो चक्षु प्लेटफार्म पर रिपोर्ट करें। यूजर्स के रिपोर्ट करते ही पुलिस व बैंक सक्रिय हो जाएंगे। चक्षु पोर्टल पर किसी नंबर से फ्राड होने की आशंका की जानकारी पर पड़ताल के बाद नंबर को ब्लाक किया जाएगा। शिकायतकर्ता की जानकारी साझा नहीं की जाएगी।

- संचार मंत्री अश्विनी वैष्णव ने दो प्लेटफार्म को किया लांच
- पिछले नौ महीनों में 59 लाख फ्राड कनेक्शन को काटा गया

'Chakshu' will help in cracking down on cyber crime

साइबर अपराध पर नकेल कसने में मदद करेगा 'चक्षु'

नई दिल्ली, एजेंसी। सरकार ने साइबर अपराध से सख्ती से निपटने के लिए सोमवार को दो नए मंचों की शुरुआत की। एक चक्षु है, जिसके जरिए फोन कॉल से होने वाली धोखाधड़ी की शिकायत दर्ज कराई जा सकेगी। साथ ही मोबाइल पर आने वाले संदेहजनक कॉल और मैसेज के बारे में सूचित किया जा सकेगा। केंद्रीय संचार मंत्री अश्विनी वैष्णव ने इन्हें लॉन्च किया।

दूसरा मंच डिजिटल इंटेलिजेंस प्लेटफॉर्म है। यह बैंकों, सोशल मीडिया प्लेटफॉर्म, अन्य संगठनों को साइबर अपराधियों के बारे में जानकारी का आदान-प्रदान करने की सुविधा देगा।

उन्होंने कहा कि ये दोनों मंच धोखाधड़ी की रोकथाम में मददगार साबित होंगे। डाटा जांच एजेंसियों से साझा किया जाएगा।

Government is strict in dealing with cyber crime

साइबर क्राइम से निपटने के लिए सरकार सख्त

■ **विस, नई दिल्ली:** डिजिटल स्पेस में बढ़ते फ्रॉड से निपटने के लिए सरकार ने कमर कस ली है। इस कड़ी में केंद्र सरकार ने सोमवार को दो नए प्लैटफॉर्म डिजिटल इंटेलिजेंस प्लैटफॉर्म और चक्षु लॉन्च किए हैं, जो संचार साथी पोर्टल का हिस्सा हैं। चक्षु के जरिए लोग शक के दायरे में आने वाले फ्रॉड से जुड़े कम्यूनिकेशन्स जैसे कि मोबाइल नंबर, मैसेज आदि को रिपोर्ट कर सकते हैं। ऐसी रिपोर्ट का ई-वेरिफिकेशन होगा। अगर रिपोर्ट किए गए नंबर ई-वेरिफिकेशन की प्रक्रिया में फेल होते हैं, तो उसे बंद कर दिया जाएगा। हालांकि, इस दौरान इस नंबर के यूजरनेम और डिटेल किसी से साझा नहीं किए जाएंगे।

अश्विनी वैष्णव ने कहा, फ्रॉड से जुड़े डेटा सभी स्टेकहोल्डर संग शेयर होगा

वहीं, डिजिटल इंटेलिजेंस का प्रयास है कि प्लैटफॉर्म एजेंसियों से तालमेल हो, जिससे बैंकों, सोशल मीडिया प्लैटफॉर्म और वॉलेट ऑपरेटर के बीच साइबर अपराधियों का डेटा साझा करने में मदद मिलेगी। इस मौके पर आईटी मंत्री अश्विनी वैष्णव ने कहा कि फ्रॉड से जुड़े डेटा को सभी स्टेकहोल्डर के साथ रियल टाइम में साझा किया जा सकेगा।
